

# THINURA ANJANA

Creative Designer | MIS Undergraduate | UI/UX & Front-End Learner

Moratuwa, Sri Lanka | +94 70 777 1405 | [anjanathinura07@gmail.com](mailto:anjanathinura07@gmail.com) | [forgestudio.web.lk](http://forgestudio.web.lk) | Available for internships from June 2026

## PROFESSIONAL SUMMARY

Creative Designer and MIS undergraduate with 6 years of visual design practice across cinematic poster design, brand identity, photo composition, and UI/UX redesign. Recognized for a television-featured tribute artwork and a first-place design competition. Currently developing front-end and database skills through HTML, CSS, JavaScript, and MySQL, with interest in design, digital products, UI/UX, and hybrid design + technology internship roles.

## SKILLS

**Design & Creative:** Adobe Photoshop (Advanced), Figma (Intermediate), Adobe Illustrator (Intermediate), Cinematic Poster Design, Photo Composition, Brand Identity, Typography, Mobile UI/UX Redesign, Prototyping

**Web & Data:** HTML, CSS, JavaScript, MySQL, VS Code, Front-End Development Fundamentals, Responsive Web Design Basics

**Professional Strengths:** Visual Communication, Creative Problem-Solving, Attention to Detail, Team Collaboration, Presentation, Continuous Learning

## PROJECTS

### University Front-End Website Project | *HTML, CSS, JavaScript*

- Created a front-end university project website using structured HTML, CSS styling, and beginner JavaScript.
- Built page layout, navigation structure, and basic interactive behavior to support a complete academic website presentation.
- Applied separate code files and class-based styling to keep the project organized and easier to explain during assessment.

### University UI/UX Prototype Project | *Figma*

- Designed an academic interface prototype with connected screens, page flow, and consistent visual structure.
- Prepared prototype interactions to demonstrate the user journey, screen purpose, and design logic clearly.
- Used layout hierarchy, spacing, and interface consistency to support a simple and understandable user experience.

### Forge Studio Portfolio Website | *Personal Portfolio*

- Developed a personal online portfolio to showcase poster design, branding, UI/UX redesign, and digital creative work.
- Organized selected projects under a consistent personal studio identity for internship and freelance presentation.

## EDUCATION
